**DETAILED ACTION**

1. Original claims 1-27 are pending in the application. Claims 1-27 are subject to election/restriction of species as discussed below.

***Election/Restrictions***

2. The present invention contains claims directed to the following patentably distinct species of the claimed invention:

Specie 1A      Claims 1-7, 10-13, 16, 19 and 21-27, classified in class 705, subclass 500

Specie 1B      Claims 1, 8, 9 and 14, classified in class 705, subclass 36R

Specie 1C      Claims 1, 15, 17, 18 and 20, classified in class 705, subclass 36R

Applicant is required under 35 U.S.C. 121 to elect a single disclosed species for prosecution on the merits to which the claims shall be restricted if no generic claim is finally held to be allowable.

3. Applicant is advised that a reply to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

Art Unit: 3624

Should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dr. Narayanswamy Subramanian whose telephone number is (571) 272-6751.
